MEMORANDUM FOR BRENT McINTOSH
GENERAL COUNSEL

KODY KINSLEY
ASSISTANT SECRETARY FOR MANAGEMENT

FROM: Eric M. Thorson
Inspector General

SUBJECT: OIG Inquiry Regarding Use of Government Aircraft By
Secretary Mnuchin

In light of public, Congressional, and media inquiries, and our own oversight responsibilities, the Office of Inspector General has conducted an inquiry into the circumstances of Secretary Mnuchin's uses of government aircraft. The inquiry was conducted by my Counsel, and is presented in the attached memo which he provided to me. It contains the facts he found, his research and analysis and that contained in presentations made by the Office of General Counsel, his conclusions on the adherence of these requests and uses to applicable law and standards, and his recommendations. I endorse his report and provide it to you for your consideration and action as appropriate.

I plan to place the inquiry memo on our website, and provide it in response to any Congressional or other request. Please call me on 622-1090, if you wish to discuss.
